Patent No : 6,878,186 B2  
Application NO: 10/658,157  
Issued : April 12, 2005  
Inventor : Neary  
Title : PURE VACUUM SWING ADSORPTION  
SYSTEM AND APPARATUS  
RE: Certificate of Correction

Consideration has been given your request for the issuance of a certificate of correction, for the above-identified patent under the provision of Rule 1.322 or Rule 1.323.

Respecting the alleged error, the printed claims are the same claims as presented in applicant's amendment of Nov. 23, 2004, the order of the claims was changed to place the method of use claims before any apparatus claims, due to how the class is classified. The only correctable error appears to be in line 8 of claim 4, where "18 (c)" should be "18(c)". Therefore no correction(s) is in order here under United States Codes (U.S.C.) 254 or 255 and the Code of Federal Regulation (C.F.R.) R1.322 or R1323.

In view of the foregoing your request is hereby denied.

Further correspondence concerning this matter should be filed and directed to Decisions and Certificates of Correction Branch. Any response must be filed within a four week period.
